Dear Sirs:-

We have on hand a fairly considerable supply of the back numbers of the proceedings of our Society. We intend to keep a limited number of complete sets, and desire to dispose of the remainder. These are printed on a very good quality of paper, and we have been referred to you as a house which would be able to give us a fair quotation on these copies. I am enclosing sample sheets from two widely separated issues, and should be glad to have you tell me what you would be willing to give us per hundred weight. Should you desire to have your representative call, kindly have him make an appointment by telephone (Audubon 2484) with me.

Yours very truly,

Secretary.
